Little Things

ROSÉ

VINTAGE CONDITIONS

This vintage will be remembered as one of our driest and warmest vintages recorded at our vineyards. With careful use of our world class irrigation techniques these conditions were ideal for producing fresh and exciting flavours reflected in this Rose.

TERROIR/SITE

Situated on the banks of the Murray River, our vineyards produce grapes perfect for fresh and varietal wines. The grapes for this Rose are grown on a range of red sandy soils over limestone. Carefully controlled irrigation of these individual sites promotes well-balanced canopies so that the fruit ripens in dappled light allowing optimal fruit flavour to develop.

WINEMAKING/VITICULTURE

Gentle pressing of the freshly picked grapes releases perfectly coloured juice for this Rose. The juice is fermented using a combination of cultured and naturally occurring yeast to produce a range of fresh and vibrant flavours.

TASTING COMMENT

Light coral pink. A basket of freshly picked strawberries and Turkish delight, freshly unwrapped from the confectioner aroma and Light bodied with Turkish delight flavours, a fine texture and fresh dry finish. A great match for cured ocean trout or salad of fresh fennel, pink grapefruit, pomegranate and mint.

LITTLE DETAILS

Alc/Vol: 12.5%
pH: 3.27
Total Acidity: 5.5g/L
