CABERNET SAUVIGNON 2019

Grape Varieties & Source

90% Cabernet Sauvignon & 10% Shiraz ex South Australia

Harvest Date

February & March 2019

Vintage Conditions

A cooler winter with below average rainfall set the scene for the 2019 vintage. The warm to hot summer days and dry weather allowed controlled irrigation to maintain the canopies which was great for ripening the grapes. This mild and dry weather through the growing season produced grapes with great flavour and concentration.

Winemaking/Viticulture

Fermentation was carried out in a combination of static and rotary fermenters for a period of six days. This creates a good balance between extracting the appropriate tannin for wine structure and retaining fruit drive and aromatics.

Tasting Comments

Dark red in colour with crimson hues. Aromas of blackberry, red jubes and plums with subtle notes of black currant and tobacco leaf. The palate is elegantly structured with a silky texture and fruit sweetness to the mid palate with layers of red cherry, spice and subtle briar flavours and finishes with soft finely grained tannins.
