

COUNTERPOINT

ROSÉ

Counterpoint by definition, is the formation of a pleasing or notable contrast from one element to something else. With no fuss and no mystifying wine jargon, these wines amplify the outstanding quality of the grapes to produce simply great fruit flavour.

Grape Varieties & Source

Rose ex South Australia

Harvest Date

February & April 2022

Vintage Conditions

Growing conditions for vintage 2022 began with a mild Spring & flowering period which helped produce an even set in our grape vines. With a La Nina weather pattern prevailing over the growing season, Spring, Summer and Autumn temperatures were mild however, we were fortunate to experience little rain fall up to and including harvest period. The mild but dry harvest period with cool nights meant that our grape vines produced wines with excellent flavour, depth and freshness which we were able to capture and bring into the winery.

Winemaking/Viticulture

Gentle pressing of the freshly picked grapes releases perfectly coloured juice for this rose. The juice is fermented using a combination of cultured and naturally occurring yeast to produce a range of fresh and vibrant flavours.
